Parent Portal Sign-in

Whanganui Collegiate School has recently changed the way you access our Parent Portal. You will now use the email address you have registered with Whanganui Collegiate School as your login.

What is Parent ID Passport (PIPs)?

PIPs provides an easier way to log in to our various School Systems such as Schoolbox, Kamar and Orah. Providing parents with multiple options, allowing you to mix and match any or all of them - whatever works best for you.

We believe that PIPs will make your digital experience with Whanganui Collegiate School user-friendly and more secure. With familiar authentication methods and fewer passwords to remember, you'll find staying connected with your child's activities easier than ever.

Using the email you have registered with Whanganui Collegiate School, you can login in one of these ways:

- Email and a password of your choice
- Services like Google, Apple, Microsoft, or Facebook
- One-Time Token

Special note for parents sharing an email address

If you currently share an email address with another parent, with PIPs, only one account per email is created, which means parents sharing an email will share the same Parent Portal login. PIPs will randomly link the newly created account to one parent. As a result, some systems such as Schoolbox may greet you with the other parent's name (e.g. "Good Afternoon, Jane Doe").
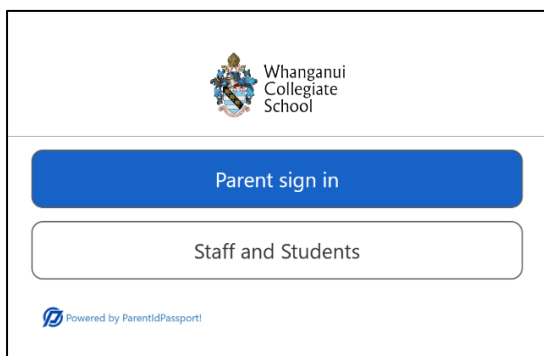

If you would like separate accounts, please contact our admin team admin@collegiate.school.nz

How to log in using PIPs

1. Navigate to https://schoolbox.collegiate.school.nz or scan the QR-Code below:
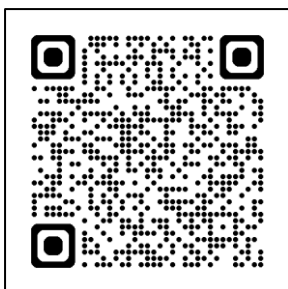

2. Select "Parent Login"
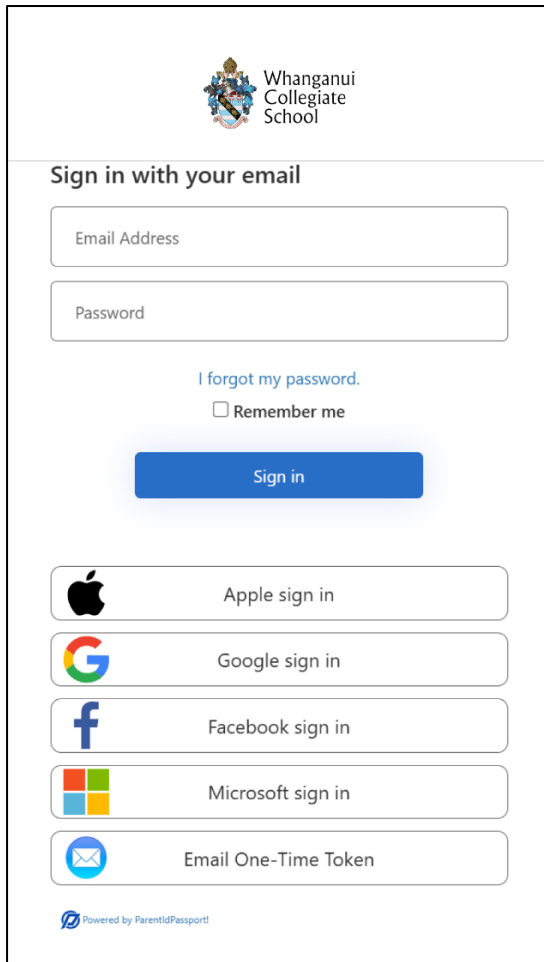

3. Choose any of the options listed to log in
   The **email address must match** what you have previously supplied to Collegiate.

4. Once you have logged into Schoolbox, you can easily access Kamar and Orah without having to log in again. Just select either Kamar or Orah on the Schoolbox homepage:
